Purpose: a sharp **5-minute introduction pitch** covering **founder, technology, regulation, and funding** — enough for Grove VC to decide whether to schedule a full diligence conversation.

Elevator pitch — 30 seconds

PHINS is an **AI-operated insurance operating system** already in production — disability / LTC severity, Israel-first, with a hash-chained ledger where **AI recommends but never posts**. Founder-led, regulator pathway documented, raising a **ILS 6.0M seed at ILS 24M pre-money**. We want 5 minutes to earn a follow-up.

5-minute run of show — hard timeboxes

Minutes	Segment	Talking points & source
00–01	Founder	Who built PHINS and why this problem; operator credibility in insurance + legal; personal commitment.
01–02:30	Technology	Built platform (policy → UW → billing → claims → reinsurance); integrity contract — AI recommends, ledger decides; multi-market on one codebase.

Minutes	Segment	Talking points & source
02:30–03:30	Regulation	Israel Authority pathway; digital MGA / platform posture; regulatory application memorandum already published.
03:30–04:30	Funding	Seed ask ILS 6.0M / ILS 24M pre / ILS 30M post ; use of funds in one sentence; what a follow-up meeting would cover.
04:30–05:00	Ask & close	Request a full meeting; offer NDA + one-pager + regulatory memo; log outcome in the Meeting Diary.

Run-of-show rules: this is a pitch, not a workshop. No demo unless explicitly invited. One speaker. Stop at 5:00 even if mid-sentence — leave them wanting the follow-up.

Pre-meeting preparation (send / load before the meeting)

- **Israel pitch executive summary (one-pager)** —

/investor-docs/israel-pitch-executive-summary.pdf — primary leave-behind.

- **Israel regulatory application (EN)** —

/investor-docs/israel-regulatory-application-en.pdf (offer HE if preferred).

- **NDA ready** — /legal/nda.html
- Business plan link reserved for the follow-up, not the 5-minute slot.

Decision outputs — leave the meeting with

- 1 A clear **yes / maybe / no** on scheduling a longer Grove VC conversation.
- 2 If yes: proposed date/owner and materials to send (NDA, one-pager, regulatory memo).
 - 1 If maybe: the one diligence question that blocks a yes.
 - 2 Outcome logged in the Meeting Diary on the pitch dashboard.

Data integrity notice: this brief is an operational admin preparation

tool. The funding figures (ILS 6.0M seed · ILS 24M pre · ILS 30M post) are the canonical planning basis used across the pitch dashboard — not commitments or guidance. The agenda, prep list, and decision outputs are internal planning aids and this document does not write to the platform ledger.
